The University Mace

The ceremonial mace is a symbol of the University's heritage and purpose. The focal point of the six-foot staff is the seal of the University, surrounded by a wreath of excellence. Immediately below the seal is a conformation of six turned and polished forms representative of the University's original six colleges. The mace is crowned with a pineapple finial, international symbol of hospitality. The finial form is abstracted from the dome of Academic Hall, a landmark of the area and center of the University since its 1905 completion.

The mace is constructed of black walnut, a hardwood native to southeast Missouri. Polished brass provides contrast with the dark wood and accentuates various elements of the design. The linen-wrapped grip contributes variety of texture and color.

The mace was designed and constructed by native southeast Missourian Win G. Bruhl, former Assistant Professor of Art, Southeast Missouri State University.

The Louis Houck Board of Regents Presidential Medallion

On May 11, 2018, the Southeast Missouri State University Board of Regents presented Board President Donald G. LaFerla with a pewter medallion in recognition of former Board of Regents President, Louis Houck, who served as President of the Board of Regents from 1889-1925. The medallion would thereafter be a symbol of the Board of Regents Presidency, to be worn with other academic attire on all proper occasions and to be passed to each succeeding President of the Board of Regents.

Established under Missouri state law, the Board of Regents is the governing body of Southeast Missouri State University. Comprised of six voting members, and one non-voting student representative, all members are appointed by the Governor with the advice and consent of the Missouri Senate. Pursuant to Board of Regents By-Laws adopted on June 26, 2017, by resolution of the Board, the duties of the Board President include, but are not limited to: presiding at all meetings of the Board; calling special meetings of the Board; determining the composition of all Board committees and appointing committee chairs; attesting to actions of the Board; and serving as Board spokesperson. Since 1875, there have been twenty-four Presidents of the Board of Regents.

The medallion is a solid pewter oval approximately three inches in diameter. The front of the medallion depicts the University's logo, adopted in 2015, which includes the campus' iconic Academic Hall Dome. The back of the medallion bears the inscription "Louis Houck Board of Regents Presidential Medallion." The medallion was commissioned by former Board of Regents President, Jay B. Knudtson, and was produced by regional artisans at ASL Pewter in Ste. Genevieve, Missouri. Graphic artists in Southeast's University Marketing Department provided the artwork.

The Presidential Medallion

On April 13, 1966, on behalf of the Board of Regents, Charles Harrison presented then-President Mark F. Scully with a sterling silver medallion in recognition of his tenth anniversary as President of the College. The medallion would thereafter be a symbol of the Presidency, to be worn with other academic attire on all proper occasions and to be passed to each succeeding president of the institution.

The medallion is a circular sterling silver disc approximately three and one-half inches in diameter. The inner part of the circle contains an engraving of Academic Hall, including the top of the dome; the emblem of the State seal shown in the triangular roof atop the Grecian columns; and the front steps leading up to the main entrance to the Hall. Surrounding the inner circle is a second circle containing the words "Southeast Missouri State College," the word "College" befitting the 1966 date of origin of the medallion. The outer circle is a raised serrated edge, its height matching the relief work in the two inner circles described above. Attached to the medallion is a strong and beautifully designed matching sterling chain.

The University Seal

The University seal is reserved for use on official University documents, diplomas and commencement programs. The official seal represented the school when it was known as The State Normal School, Third District, founded in 1873, and continues to do so today with only a few minor changes.

On the official seal is Ceres, the Roman goddess of growing vegetables, who was worshipped by the Greeks as the goddess of corn and earth. Behind Ceres is a building and three smokestacks. The building, which represents business, and Ceres, who represents agriculture, symbolize the variety of the areas of study available at the University.

The seal, as originally designed, remained the same when the school became Southeast Missouri State Teachers College in 1919. After the school became Southeast Missouri State College in 1946, minor changes were made in the seal. In 1972, when the college became a university, Roy Schoenborn, then Associate Professor of Art, was asked to revamp the school seal.

The Academic Regalia

Modern academic costumes originate from church schools, which later became some of northern Europe's oldest universities. Regarded as part of the clergy, students and faculty alike wore clerical garb, similar to monastic dress of the day. Skullcaps were worn to protect tonsured heads from the cold. These evolved into today's tassels, and while bonnets are still worn in many European universities, they have been replaced by mortarboards in America. Tassels are usually black, colored according to the academic discipline, or gold if the wearer holds a doctoral degree.

The medieval *caputium*, worn over the head in bad weather by students and faculty, is the forerunner of today's hood. In the early 16th century, the hood was restricted to use by degree-holders. The colors of the hood lining reflect the school conferring the degree, while border color reflects the scholarly field. Borrowing the utilitarian design of the Benedictines, the ornamentation of the medieval *roba* distinguished graduates from undergraduates. The long pouch-like sleeves were used to carry books, sandwiches, etc., and are still evident in today's master's gowns. Gowns were often furred, evolving into the velvet of today's doctoral gowns. The velvet borders and sleeve bars on the doctoral gown may be black or colored according to the scholarly field. The most common are:

White.....Arts	Green.....Medicine
Drab.....Business Administration	Pink.....Music
Copper.....Economics	Light Blue.....Education
Orange.....Engineering	Blue.....Philosophy
Brown.....Fine Arts	Sage Green.....Physical Education
Purple.....Law	Gold.....Science
Lemon.....Library Science	Scarlet.....Theology
Apricot.....Nursing	

Honors Emblems

Academic Distinction in the Department of Major: Six-sided medallion supported by black and red ribbon, worn on the left side of the gown

With Honors in Associate Degrees, Cum Laude, Magna Cum Laude, or Summa Cum Laude: Red tassel

Baccalaureate 4.0 Graduate: Red honor cord worn over the left shoulder

Honors Scholar: Medallion supported by red ribbon, worn around the neck

Omicron Delta Kappa: Black, blue and white honor cord worn on the left shoulder

Phi Kappa Phi: White ribbon worn on the left side of the gown

Phi Eta Sigma: Black and gold cord worn around the neck

Alma Mater

1. High above the Mississippi,
Ageless in majestic flow,
Rise thy halls in native grandeur,
Beacon light to all below.

2. Round thee springtime
flings her blossoms.
June in verdure veils thy hills.
Autumn paints in poignant beauty.
Winter's snows fall soft and still.

3. With the passing of the ages,
Brighter still thy light shall glow;
Sons and daughters more shall gather
Here to laugh, and love, and grow.

Chorus

Cape Girardeau, Alma Mater,
Forward press unceasingly,
In the quest for truth untrammelled
'Til humanity is free.

A Brief History of Southeast Missouri State University

The University was established by statute in 1873 as the "Third District Normal School" with a mission of educating teachers for the public schools of the region from St. Louis to the Bootheel of Missouri. By legislative enactment in 1919, the institution became "Southeast Missouri State Teachers College" and was authorized to grant degrees. The name "Southeast Missouri State College" was adopted on September 21, 1946, by permission of the General Assembly. The expanding educational mission of the school was reflected in the latest name change on August 24, 1972, when the Board of Regents, acting under authority from the legislature, approved the name "Southeast Missouri State University."

Cape Girardeau, the home of Southeast Missouri State University, is situated on the Mississippi River and is one of the most historic cities in Missouri. The earliest European settlement dates to about 1733, and the town of Cape Girardeau was incorporated in 1808. The city offers a variety of cultural, recreational, educational and health facilities to its nearly 40,000 residents and serves as the principal commercial center for a wide area with a population of over 250,000, providing numerous employment opportunities for students. Architectural Digest recently named Cape Girardeau the prettiest city in Missouri.
